Projects

On my personal website, you can find detailed text and visual introductions to my project experiences, covering areas such as project planning, research, and implementation across various industries, including wireless hardware, pharmaceuticals, investment, and food.

2 Minutes on Antenna: B2B Antenna Expert Interview Plan

- Planned and hosted expert interviews to promote new antenna products and industry trends; responsible for content development, video editing, and post-interview promotion strategy.
- 193% increase in video view, 243.7% increase in post click, 78% increase of engagement rate

BIGECON: Social Media Brand Marketing Plan

- Developed brand positioning strategy for an investment consulting firm; managed monthly digital marketing plans and executed outreach to engage potential clients.
- 28.5% increase in overall engagement, 10.2% increase in social media reached
- Platform: https://www.instagram.com/bigecon.ig?utm_source=ig_web_button_share_sheet&igsh=ZDNlZDc0MzIxNw==

NMOSD: Market Analysis of Biologics for Rare Disease

- Environment analysis of NMOSD biologic medications.
- The research includes a professional analysis of market demand, competitor and product. Eventually, the team provided a comprehensive market report and strategic recommendations to pharmaceutical companies.

Master Thesis: Analysis of Digital Marketing for Medications in France

- Environmental analysis of three antidiarrheal medications in France; user interviews and marketing strategy recommendations for pharmaceutical firms
- Final grade: 19/20 – Montpellier Business School, France
